Pursuant to Local Rules 6-2 and 7-12, plaintiff GoClear LLC ("GoClear") and defendant Target Corporation ("Target"), through their counsel, submit the following stipulation and [proposed] order modifying the discovery schedule in the above-captioned case.

The parties have met and conferred and have agreed to conduct certain discovery in an initial phase before proceeding to full discovery. The initial phase will include discovery on priority issues, which are discussed in Target's portion of Section 4 of the Joint Case Management Conference Statement.

The parties note that GoClear has already served on Target a first Request for the Production of Documents and Things, and that GoClear has requested third-party depositions from Biome International, which has information relevant to Target's claim to prior rights in the CLEAR X mark for acne preparations. The parties agree to promptly propound any additional discovery they believe is relevant to the issue of priority to allow Target to file a motion for summary judgment on the issue of priority on the schedule set forth below. Discovery on other topics may be served at any time, but responses will only come due pursuant to the following schedule:

Deadline to produce Rule 26(a)(1) documents related to priority issues: September $26,\,2008$

Target to file motion for summary judgment: November 14, 2008 with the motion set for hearing on December 19, 2008

Discovery responses related to non-priority issues: Parties will serve written discovery responses and initial documents related to non-priority issues (including documents required by Rule 26(a)(1) and documents in response to Rule 34 requests) 28 days after the hearing on Target's motion for summary judgment on the issue of priority. This stipulation will not affect

¹ To the extent that discovery responses on non-priority issues would otherwise be due more than 28 days after the hearing date on Target's motion for summary judgment on the issue of priority, the parties agree that this stipulation does not modify those deadlines. This stipulation is not intended to shorten the time that either party otherwise has under the Federal Rules of Civil Procedure to respond to discovery related to non-priority issues.
